Three Keys to a Great Summer:

1. Golf
2. Golf
3. More Golf

Summit Golf Foundation works to teach young people the game of golf while instilling integrity, confidence, and leadership into their daily lives. Summit Golf Foundation serves youth ages 7 to 18 and offers them a chance to learn, have fun, and enjoy playing golf.

Breaking Par class is the pride of SGF. It is a regularly scheduled class where students learn life skills through the fundamentals of golf. SGF provides a safe and consistent community, allowing children from all backgrounds to express themselves and find their voice.
